

Karl Fosaaen Guest Blogs for Secure360

written by Karl Fosaaen | February 19, 2014

NetSPI Senior Security Consultant [Karl Fosaaen](#) recently wrote a couple of guest blogs for the upcoming [Secure360 2014 Conference blog](#), you can find them here:

- [5 Must-Have Web Application Penetration Testing Strategies](#)
- [5 Must-Have Network Penetration Testing Strategies](#)

If you enjoy these, be sure to make it out to Secure360 this year as Karl will be presenting as well as co-instructing a full-day class on “An Introduction to Penetration Testing” along with NetSPI Principal Consultant [Scott Sutherland](#).

To learn more about Secure360, Karl’s presentations, or information on how to sign up for the training please visit the pages below:

- [Attack all the Layers! Again!](#)
- [GPU Cracking on the Cheap](#)
- [Introduction to Penetration Testing](#)
